INDIA'S 1ST & LARGEST DOCTORS'
NEET COACHING PLATFORM

Modes

Repeaters Batch

Residential

Residential Repeaters provide a dedicated NEET-focused environment, providing students with stress-free classrooms, video classes, DOPA tabs for offline learning, and a 24-hour reading room.

Offline

Here students begin on a tech-enabled learning journey in our classrooms, guided by experienced faculties. Students will follow a systematic learning approach with additional study hours for a more comprehensive educational experience.

Online

DOPA introduces an extra-monitored online course specifically designed for NEET repeaters. The online batch offers a flexible learning environment, allowing students to study anytime and anywhere.

Features

A medical entrance coaching institution by a group of doctors who are passed out from Calicut Medical College. We support passionate students to crack their entrance exam.

DOPA repeaters batch stands out as Kerala's systematic and effective NEET repeating course.

Success Stories

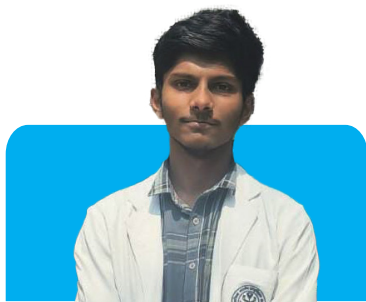

Real-life examples of students benefiting from the DOPA App (from different districts)

“ RISHAD MUNNA

“My repeat year was the most crucial phase of my NEET preparation. The DOPA Question Bank guided me with well-designed, NEET-pattern questions. It helped me identify mistakes and strengthen my weak areas. With regular practice, my accuracy and confidence improved steadily. The Question Bank truly acted as a rank booster for me. It played a key role in helping me secure Kerala Rank 6. “I would definitely recommend it to repeaters who are serious about improving their rank.”

6th Rank GMC CALICUT

“ Abinand

As a Dopa student, I've found the Recorded Classes to be the most valuable resource on the App. They've been a game-changer for my studies, allowing me to revise and reinforce my understanding of key concepts at my own pace. Additionally, the question bank has been instrumental in helping me familiarize myself with various question types, making me feel more confident and prepared for exams

11th Rank Delhi AIIM

“ Riyas

The DOPA app feels like a complete solution for NEET preparation. Everything I need is available in one place, which makes studying much easier. I especially like the test series feature because it helps me track my progress, understand where I stand, and make changes to my preparation strategy. Regular tests and analysis have really helped me stay focused and improve step by step

16th Rank GMC CALICUT

“ Diya Zainab

The DOPA App played a significant role in my NEET success, with each feature contributing to my achievement. The flexibility to learn at my own pace through Recorded Classes was a significant advantage, while the test series provided invaluable insights into my progress, enabling me to pinpoint areas for improvement and refine my strategy.
